

Australian Tournament Nationals 2010 begin this week at the famous Western Australian Bonney's Water Ski Park

The Australian Water Ski Championships will be held at Bonney's Lakes in WA from 1st to 5th April.

AWWF Official Tow Boat Agreement with Malibu Boats & Malibu Boats WA (Western Australian Malibu Dealer) for the Australian Tournament Nationals was announced back in August / Sept 2009.

Following detailed discussions with other boat manufacturers over the earlier part of last year, the AWWF announced Malibu as the official tow-boat, the premium manufacturer of inboard Wakeboard, Waterski and Luxury performance boats.

The experience gained by Malibu over the past 7 years with its successful Malibu Series has helped to develop the sport and greatly help the expansion of a new wave of tournament sites and events around Australia. The sport is going through a very strong growth period with a full event calendar all summer long. This has been giving the high number of skiers plenty of time on the water at locations all around the nation.

David Thorpe, Malibu Boats Marketing Manager, congratulated Malibu Boats WA Dealer Principal Lou Slood and his wife Julie on the support given to Waterskiing in WA and their comprehensive official tow-boat bid." Malibu wishes the AWWF, event staff and all the skiers lots of success for the up coming event. "We are indeed very fortunate to have Dealers like Malibu WA that really us get behind these events and help make them happen. Lou and Julie strong are strong supporters of our sport".

"The agreement to partner the AWWF Tournament Nationals in WA and Malibu Boats for this event is a tremendous opportunity to continue the growth of the sport Australia wide...".
