

AUSTRALIA, This is the one you have all been asking for... The WWA Australian Pro-Am has just hit second gear with confirmation that Malibu boats and Red Bull energy drink are now onboard. You better book your accommodation soon, because the WWA PRO AM is just around the corner. Stoney Park is going to be run off it's feet with most of Australia's, and some of the world's most talented wakeboarders when the Australian PRO AM takes to the water on the 29th of Jan, 2010.

The organisers of the WWA Pro Am are jumping out of their boots with excitement after confirming a tow deal with 2009's Industry nominated, most popular Wakeboard boat company – Malibu. The 1st ever WWA Australian PRO AM will be starting out on the right foot, by choosing Malibu to tow their January World Title qualifying event. Malibu will be bringing three brand new 2010 VLX Wakesetter's and will tow every division from the un-weighted <9's all the way up to the fully loaded PRO Men and Women. The new hull design of the 2010 Malibu VLX is set to raise some eyebrows with the early response to it's re-designed wake shape gaining unanimous acclaim with all those that have already had the pleasure of riding behind it.

In addition to our brand new tow partner, we are also wrapped to announce that we will be working exclusively with Red Bull again in 2010. For almost a decade, Red Bull have been the dominant force in Energy Drink supply for the entire Action Sports industry, and it is our pleasure to have them on-board in 2010 to support the 1st ever WWA Australian Wakeboarding PRO AM. Other sponsors confirmed to be in for the PRO AM are, Jet Pilot, Yamaha Australia, Dragon, DeJa Vu & Fluidcore.

The official website is now online and we are expecting the entry nominations to flood in with big name such as former APTW champion Dean Smith, Aussie and US Pro Tour Champion Harley Clifford, Mens 1 World Champion Sam Thomson, and World Junior Champion Bradley Teunissen all confirmed to be riding in the Australian PRO AM.

Record crowds for Stoney Park are expected for the January 29-31 weekend with Live bands, FMX demo's and wakeboarding expo sites already set in stone for the event along with all the action expected to take place on the water.
