

Subject: MALIBU BOATS AUSTRALIA PRESS RELEASE:

Malibu Boats joins forces with the BLACKDIAMOND Wakeboard School, Australasia's long-standing & leading school.

FOR IMMEDIATE RELEASE

Wednesday April 8 2009 (Malibu Boats, Albury, NSW):

As has been customary with a progressive and dynamic company like Malibu boats, one can always look forward to the next big announcement and this latest news from Australia's #1 selling Towboat Manufacturer is no different.

Scotty Kell has recently signed a deal for his BLACKDIAMOND Wakeboard School to use Malibu Boats exclusively for the long term. Black Diamond will work closely with Malibu Boats and its Dealer Network to continue laying the foundations for a strong future for Wakeboarding in Australia. Malibu's continued support of grassroots competitions; schools and coaching clinic tours remain high on its agenda as they always have done.

Black Diamond Wakeboarding School has been owned and operated by Scotty Kell since 1996; Scotty is one of the wakeboarding world's most highly respected rider/coach combinations. Scotty has been at the forefront of Australian Wakeboarding since the beginning, pushing himself, students from all over the world and the sport in general.

Scotty said "It's great to be rejoining the Malibu team and once again be working with such a quality company. The 09 Wakesetter VLX has really taken things to a new level with many new features that have blown me away. I'm loving my new office!!"

David Thorpe, Malibu Boats Marketing Manager said “the exciting partnership which will see Scotty joining the Malibu team and using the all-new Wakesetter VLX will create the ultimate environment for all the riders attending Black Diamond.

“The world’s most popular wakeboarding boat is even better for 2009; the Wakesetter VLX went back to the digital drawing board and emerged for the 2009 model year with a new hull & deck design optimized for handling and wakeboard performance.” Other features like Malibu’s new Auto Wedge and MaliView will allow Scotty to quickly customize the wakes for each student making every rider happy from the guy or girl who just learned to get up to the pro who wants to hit 1080’s he said.
